REPORT ON FACE MASK MAKING

Name of the activity: Face Mask

Date of activity: 16th December 2021

Place of activity: Online (Google Meet)

No of Volunteers: 6

Description

The National AIDS Control Organization (NACO) and the Mumbai Districts AIDS Control Society (MDACS) have launched a compelling social awareness campaign. As part of this initiative, they have collaborated with the NSS Unit to conduct a series of coordinated activities. The primary objective is to maximize awareness about AIDS, HIV testing, and treatment.

One of the key activities included a poster making competition with a focus on spreading awareness about AIDS, HIV testing, treatment, and related topics. In addition to the posters, theme-based face masks were also created by the dedicated volunteers. These face masks served as an innovative way to further promote the awareness campaign while ensuring safety during the ongoing pandemic.

Through their collaborative efforts, NACO, MDACS, and NSS volunteers aim to create a significant impact by raising awareness about AIDS, advocating for HIV testing, and emphasizing the importance of timely treatment. By utilizing various mediums, such as posters and theme-based face masks, they strive to engage the community and encourage active participation in the prevention and control of AIDS.

E-WASTE COLLECTION DRIVE

Tuesday, 01st March 2022

In collaboration with the IT/CS Department, the DLLE Department of "Pune Vidyarthi Griha's College of Science and Technology" organized an E-Waste Collection Drive from 22/02/2022 to 28/02/2022 on the college campus. The drive aimed to raise awareness about the detrimental effects of improper disposal of electronic waste and encourage students to responsibly dispose of non-bulk e-waste. India is the 5th largest producer of e-waste, with Bengaluru being the 3rd largest generator. E-waste contains hazardous substances that pose health risks. Only 30% of e-waste is recycled, primarily by the informal sector, leading to poor resource recovery and environmental contamination. Students and faculty members enthusiastically participated by depositing their e-waste in designated drop boxes, which was later submitted to the BMC for proper disposal. This initiative promoted responsible e-waste management and environmental sustainability.
