### **7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust within 1000 words.**

The priority of Pune Vidyarthi Griha's College of Science and Technology is to impart quality graduate education to the needy and deserving students from the weaker section of the society.

Most of the Students admitted for BSc.in Information Technology and Computer Science, Bachelor in Commerce and Management studies come from weaker/middle class. Moreover, students with a low percentage at 12th std in between 45 to 60 % are admitted as these students don't get admission in Aided College due to high Competition. The Pune Vidyarthi Griha's College of Science and Technology sees that these students complete their graduation course successfully. The results of all courses show that the college is moulding the students with a low percentage to get a graduation degree. These students apply for placement and also some of them pursue higher education.

The College also conducts remedial classes and Add-On courses which make the students suitable for industries in I.T, Computer Science and Commerce. The parents of most of the students have not graduated and they earn their livelihood by working as Auto Rickshaw driver, Taxi driver, working on daily wages...

The college also provides facilities for extra curricular activities like Sports, Cultural, N.S.S, D.L.L.E so that overall personality of the students can be developed. Although our students come from families with illiteracy, less education and weaker sections of the community, we mould them to become a responsible citizen with earning capacity to support the family.

The college provides the best infrastructure in terms of Classrooms, laboratories, library, playground . So that students should not have any inferiority regarding the admission in aided colleges in Adjacent area of Pune Vidyarthi Griha's College of Science and Technology.

## RESPONSIBILITY TOWARDS THE SOCIETY:

Venue: Chiplun, Dist. Ratnagiri.

“The Pune Vidyarthi Griha's College of Science & Technology” believes that “We have social responsibility and moral obligation to help others”

A flood relief donation drive was conducted by “Pune Vidyarthi Griha's College of Science & Technology” to provide material help and relief to the affected people. Who have suffered due to discharged of water from the Kolkewadi dam.

The drive was conducted to provide material help and relief to the hundreds of people who have suffered due to the heavy floods. A large number of students, faculty and staff come forward and donated a variety of materials including food grains, water and packages with medical items. All material was taken to the flood affected areas by the team and distributed among the people.

We thank all those who came forward and contributed whole heartedly for this cause and for the people in distress.
