An important part of the mission of the institute is to improve the quality of the graduate student experience. To that end, we spend a considerable amount of time talking with students about their goals, concerns, and suggestions for improving their experience. The institute is working towards enhancing the institutional culture to better serve the needs of an ever-changing and dynamic learning community. The institute offers career guidance on all aspects of career planning, job searching, and post graduate studies. We provide individual counselling through scheduled appointments.
