PERSPECTIVE PLAN

The perspective and strategic plan is developed by the management and various Committees. The College works to accomplish the perspective plan. To accomplish the desired goal of college the management of the college and committees works on the perspective plan. To accomplish the strategic and perspective plan the college conducts meeting of the concern committees and perspective plan is put on the floor for the open discussion. After the discussion from various stakeholder the perspective plan is approved by the Management.

Perspective plan of the college is:

- To MOU's with different technical and non-technical organizations
- To start new courses [B. Sc.- Data Science, M. Sc. - IT and B.A.F.]
- To collaborate with industries for internship and placement
- To organizing the expert lectures of industry and other experts for the development of personality and technical knowledge of students
- To improve results of students and to produce more students with higher grades in academics
- To strengthening research infrastructure
